

REME • ION™

With REME-LED™ Technology
Air Purification System

The REME ION™ improves air quality in your home or office by efficiently reducing allergens, odor, mold, bacteria, and VOCs (airborne chemicals). Employing REME-LED™ technology, advanced oxidation and ionization, the REME ION™ quietly cleans the air you breathe.

FEATURES

- Plugs into existing outlets
- No wiring required
- Economical and portable
- Low maintenance
- REME-LED™ Technology
- Ideal for small spaces
- Advanced catalyst
- Bi-polar ionization
- Washable filters
- Low power, long life
- Ultra quiet operation
- Approved for sale in California

REDUCES AIRBORNE

- Bacteria
- Mold
- Particulates
- Odors
- Smoke
- Viruses
- Microbials
- VOCs

REME ION™ Air Purification System

Specifications

| | |
|---------------------------|-------------------------|
| Dimensions: | 2.76" x 2.76" x 6.9" |
| Product Weight: | 13.6 oz. |
| Electrical: | 12 VDC 0.4 A |
| Power Consumption: | 5 watts |
| Treatment Area: | 200 sq. ft. |
| Technology: | REME-LED™ with Bi-polar |

*Optional 12VDC adapter available for additional fee (part# EL791)

Tested to:
UL 867:2011 Ed.5 +R:16Sep2016
CSA C22.2#187:2015 Ed.4
